

Announce Loan Fund Drive

Orpheo Head To Be Appointed Next Week

Official manager for the Orpheo Troupe, which is a jaysee group organized to entertain various high schools of Orange county prior to the Fiesta, will be appointed next week, it was announced today by Dick Phillips, Associated student president.

Several one-act plays cast from students enrolled in the drama department and directed by Ernest Crozier Phillips, drama instructor, will be presented as part of the entertainment. Individual student talent and groups from the music department will also be featured on the different programs.

A schedule containing the time and place for each performance will be drawn up soon after the appointment of the manager, President Phillips said.

Enrollment Here On Increase

Increase in jaysee enrollment from 664 to 766 this semester over the corresponding term one year ago, was revealed today by Miss Mabel G. Whiting, college registrar.

"Although no accurate check has been made of anything except enrollment totals, figures reveal that the increase of 20 per cent is one of the largest we have ever had," Miss Whiting declared.

Evidence that student enrollment is steadily increasing for the past several semesters was shown by the fact that last semester's increase of 91 over its corresponding term a year before was 11 less than the present increase.

More complete classifications of students will be made as soon as time permits, it was pointed out.

Commerce Department Offers New Courses

Two new courses in auditing and social security accounting under the direction of George B. Holmes, commercial instructor, are now being offered. The classes, in which nine students are enrolled at present, are open only to advanced accounting students, Mr. Holmes said.

To Present Hi-Jinks Here, New Assemblies Commissioner Says

A student Hi-Jinks will be presented at the end of the semester, Jack Wood, commissioner of forensics and assemblies, declared today. The Hi-Jinks will be composed of talented local students, Wood said.

The program will probably be presented at night and there will be a small admission charge, Wood revealed. The talent will be chosen by a process of elimination, he said. The first of the elimination assemblies will be held March 16.

OTHERS HAVE THEM
"Pomona jaysee and numerous high schools already have perfected their Hi-Jinks program," Wood added in emphasizing that the local college could present such a program.

Other assemblies for the semester have been planned for about every Wednesday morning at 11 o'clock. They will all be held in the Willard auditorium. Classes

Set Feb. 18 Date For Penny Fair

The date for jaysee's annual Penny Fair has been selected for next Friday, Feb. 18, Jerry Roland, president of Los Gauchos, men's service club sponsoring the event, announced today.

The annual carnival will be held in the National Guard armory, with different booths being displayed by all campus clubs which wish to enter. Prizes are to be awarded the best appearing booths.

Warning was given this week that clubs or organizations desir-

BELIEVE IT OR NOT DATE IS 'DEFINITE'

After postponing the annual Penny Fair four times this year, announcement has been made that next Friday, Feb. 18, is the "definite" date set for the affair.

It is believed this a new record set in postponing junior college social affairs.

ing booths at the fair must present a written outline of the type of concession desired before permission for the construction will be granted. The outlines must be turned in to Calvin C. Flint, dean of men, on Tuesday, Feb. 15.

The unique feature of the Penny Fair is in the price, which is 1 cent admission to each booth or concession. An added novelty to be featured this year is a dance at which dance tickets are to be sold by means of a raffle-wheel.

Profits from the Penny Fair will be added to the Student Loan fund.

Engineers To Hold Annual Show

Members of the American Association of Engineers were this week making plans for their annual engineering show, to be held next month, President Fred Dierker revealed.

Electing second semester officers at their last meeting, the Engineers selected Dierker as their new president; Bill Semnacher, vice-president; John Matthews, secretary; Bob Pannell, treasurer, and John Forsythe, publicity manager.

Inasmuch as no engineering show was held last year, every effort will be made to make this year's demonstrations as successful as possible, Dierker stated.

Phi Theta Kappa Sets Campaign Goal at \$100

Society Will Sponsor Student Loan Drive

"Our goal is \$100!" stated Fred Dierker, president of Phi Theta Kappa honor society, when he announced today that the honor society would conduct its annual Student Loan drive Feb. 21 and 22.

"We ask the support of students in the drive and hope that the service clubs will lend their aid," Dierker stated.

Phi Theta Kappa members hope to raise the money by voluntary contributions from junior college students and faculty. Several prizes will be offered to the classes which contribute the most toward the benefit, it was announced.

Aiding in the drive by the honor society, several service clubs have already held numerous food sales (Continued on page 2)

Select Play For Annual Fiesta

Plans are being made for the production of "Stage Door" for the annual Fiesta day play, it was announced this week by Ernest Crozier Phillips, head of the drama department. Play booklets for the cast are expected to arrive today.

Casting of the play will begin next week. Parts in "Stage Door" are open to any student who wishes to try out. Preference will be given, however, to those in the drama class, Mr. Phillips said.

Bureau Lands Jobs For Six Students

Increasing the number of placements by six last month, the jaysee placement bureau now claims a total of 45 positions filled by jaysee students since last June, it was stated today by George B. Holmes, commerce instructor and head of the bureau.

"We naturally expect to place more students at the close of the college year than during the middle of the term since students will be more qualified to succeed in their positions at that time," Mr. Holmes stated.

The director emphasized the fact that the bureau is not to be thought of as a general employment agency, but is available only to commercial students.

A. S. Ticket Sale Reaches 360

"Eighteen new students have purchased Associated Students tickets, and 342 other students have exchanged their first semester tickets for new ones," Student President, Dick Phillips, in charge of ticket sales, stated today.

New students may purchase tickets for \$3.50, while others must pay \$4, Phillips declared.

In comparison to last semester, Mrs. Helen Deaton of the business office, stated that 537 were sold while during the whole of the year, approximately 550 were given out.

VIC ROWLAND, who has completed a successful term as editor of El Don. He served as head of the weekly during the first semester. CUT COURTESY THE REGISTER

ED VELARDE, newly appointed editor of El Don, assumes his editorial duties with this issue. He will also continue to head the college News Service.

Velarde Named El Don Editor; Staff Positions Announced

Appointment of Ed Velarde as editor of El Don and announcement of several changes in department heads of the campus newspaper for the second semester, was revealed today.

John H. McCoy, journalism director, announced the appointments.

SUCCEEDS ROWLAND

Velarde succeeds Vic Rowland who held the post of editor-in-chief during last semester. Rowland, who is only carrying a part-time program this semester, will work for the Santa Ana Journal.

Other changes in the staff include the appointment of Mary Knoche as society editor, and Larry Riskey as sports editor. The new editorial heads succeed Eleanor Brady, who edited society, and Jack Gardner, sports editor during the first semester.

BUSINESS STAFF

Miss Brady will serve as campus reporter for The Register during the balance of the year. Gardner will continue his work as editor of El Ano, college yearbook.

Bob Warren will continue to be in charge of circulation work during the new term. David Welsh, and Ruth Liggett will solicit advertising.

NEW EDITOR

The new editor served as copy-editor last semester and as a reporter while a freshman. He will continue to be student head of the News Service, jaysee publicity bureau.

YW To Hold Peace Worship Feb. 20

With furthering the cause of international peace as its goal, the Y. W. C. A. in cooperation with all their branches of the World Student Christian federation will hold worship service in the chapel of the First Methodist church at 4 p. m. Sunday, Feb. 20, President Pauline Cave stated today.

Jack Hutton will lead the meeting. Marjorie Vollmer, chairman of the affair, has arranged the program which will include a song by Bruce Buell, and several numbers by the choral group under the direction of Miss Clara Spellman, Y. W. C. A. music director.

The peace worship hour is to be a united service and will be held in all countries, Miss Cave said.

Literary Magazine Tops 300 Copies

More than 300 copies of Tavernost have been distributed to date, according to Catherine Cooper, editor of the publication.

Money received from sales will be used to defray printing costs. All money over printing costs will be put in the club treasury, Miss Cooper stated.

Jaysee To Enter Forensic Meet

Determined to hold their first place co-leadership in the Eastern conference debate league, Don debaters were today preparing to enter the second league tournament to be held at Fullerton Junior college Thursday, Feb. 24.

The local college will be represented at the tournament by three teams. They include Ernest Barrett and Jack Hutton, Christine Burbank, and James Bartlett. The third team will consist of Dick Geeting and Isamu Masuda.

The question for debate will be "Resolved: That the National Labor Relations Board be Empowered to Enforce Arbitration of all Industrial Disputes." The teams will debate both sides of the question.

Forensic coaches from the different colleges will act as judges for the tournament, it was announced.

Drop 25 Students From NYA Rolls

As a result of grade deficiencies, 25 students have been dropped from the payrolls of the National Youth administration, Calvin C. Flint, jaysee head of the N. Y. A., stated today. The students removed will not be put back on until March 25.

The desire of the N. Y. A. has been to maintain a high scholastic standing, according to Mr. Flint. A student must have a "C" average of not less than 12 grade points in order to receive government assistance. A check is made every six weeks of the grades of each student, and those making below a "C" average must wait six weeks before reinstatement.

YW Bookstore Nets \$90 in Sales

Approximately \$90 has been taken in by the Y. W. C. A. bookstore this semester, it was announced today by Helen Hicks, chairman of the project. The profits, however, will only be about \$7. The balance of the total will be paid to students selling books.

The purpose of the bookstore is to benefit students who wish to buy or sell used textbooks. It will remain open every day until Wednesday, Feb. 16.

Miss Hicks was assisted by Stella Christ, Lois Oursler, Pauline Cave, Ruth Budd, and Ruth Sato.

No All-American Paper!

With this issue, El Don is well in its fourteenth year of publication.

In those brief years, the editors have developed a newspaper which has achieved national recognition in the matter of make-up, news presentation, and of many other innovations.

El Don has garnered its share—and possibly more than its share of journalistic honors. It has been an All-American.

Each succeeding year the editors strive to produce a better college paper. This year will be no exception. Those in charge of publication will do their best to provide an interesting, informative, and entertaining weekly. It will represent their hardest work.

But, dear reader, please do not expect another All-American! While we will strive to produce a newspaper to your liking, and utilize it as a journalistic laboratory, we do not anticipate startling the judges into presenting us with another certificate indicative of having earned national honors.

Old Stuff; Still Good

It's old stuff, but it is still good—advise to stop for a moment to consider the life and work of Abraham Lincoln, whose birthday we celebrate tomorrow.

His life is a classic example of what a person can do in the face of real obstacles. The never-say-die spirit that permeated "Honest Abe's" make-up, his willingness to help the underdog, his genuine sincerity and understanding in all his undertakings—truly, these are fine attributes which we might follow.

On Achievement

Personal satisfaction is perhaps the greatest reward for a job well done. And well might four local women students be gratified for the outstanding achievement they have accomplished this past semester.

The four students, Clara Westerman, Marjorie Schmidt, Alberta Metzger, and Marian Doty, each received all A's in their studies. This is a record exemplifying earnest endeavor for which they can be justly proud.

Your Aid is Needed

The executive board deserves the support of all students. Student government is centered in the hands of the board. Consequently we should have an active interest in its functions.

President Dick Phillips and the commissioners are now mapping out their plans for the semester. When we are called upon to assist in its activities, which, after all are our activities, let us resolve to do our part!

But It's True

The human brain, by the way, still mystifies the greatest of authorities on the subject. There are many instances of half a person's brain being removed and the person continuing to function normally.

The Sullivan-Kilrain fight stands out as one of the greatest of "Stranger Than Fiction" facts in sport. The men fought three-minute rounds—and Sullivan was fresh when the fight was over. The combatants wore no gloves, hit with their bare hands. This is the longest fight on record.

Review Life Of Famed Indian Fighter

HONOR BOONE BIRTHDAY TODAY

Today marks the 203rd anniversary of the birth of Daniel Boone, one of the most romantic and most picturesque characters known in the annals of American history.

Yet, despite, popular belief, Daniel Boone was not the founder of Kentucky. He was led through the Cumberland Gap by John Finley, and Boone's settlement, Boonesborough was not the first settlement in Kentucky, being preceded by Harrodsburg by over a year.

Daniel Boone was a hunter, explorer, surveyor, and a land pilot. He had no equal as a guide, nor for his understanding of the Indians, but Boone was not a man of affairs. He was never able to hold on to the land he had been the fore-runner in settling; he always lost to the encroaching horde of civilization with the explanation: "Guess I'll move on where there's elbow room."

Point Out Trends DISCUSS MAJORS

Although colleges may change from year to year, college students remain very much the same, in the opinion of Director D. K. Hammond.

"Since jaysee was established in 1915, the department of letters and science still leads in the number of students majoring in it. This is an indication that many intend to continue their college work elsewhere," he said.

In the foreign language department, Miss Mary Swass, Spanish instructor since 1915, believes that the same per cent of the student body is interested in foreign languages as in former years.

The public speaking department, headed by Ernest Crozier Phillips, has also increased its growth steadily. At the present time, there is a tendency toward the more practical courses in public speaking.

In explanation of the growing interest of students in psychology, E. M. Nealley, psychology instructor, believes that young people have become aware of the fact that since work today is at such a peak of complexity, they need more specialized and technical knowledge of mental efficiency.

J. Russell Bruff, head of the science department, thinks that a smaller percentage is now enrolled in his botany and zoology classes than formerly. He attributes this to the greater number of science courses being offered.

It is his opinion that the greatest single occurrence in the history of jaysee was the earthquake which brought about the separation of the college and high school. The move has resulted in an improvement in the morale of both student bodies, according to Mr. Bruff.—BETTY FRYE.

Leaves Texas In Freighter TRITT SEES WORLD

Around the world—in six months. That was the trip taken by Bill Tritt, Jaysee sophomore, from July to December of last year.

SUPERCARGO

Embarking from Houston, Texas, a "supercargo," or passenger, on a freighter bound for Oslo, Norway, Tritt landed in the Northern country.

From Oslo, the student traveler rode his bicycle through the "Lands of the Midnight Sun," through Denmark to Copenhagen, and from there to Berlin.

LIKES GERMANY

"I've never been to a more enjoyable land than Germany," Tritt declared. "Not only do the people show the utmost friendliness and sociability, but the general scenery is strikingly beautiful."

"One of the greatest expedients to travel in Europe," Tritt said, "is a series of youth hostels, where the youths of every European country stay at night when making a long bicycle journey."

SEES PARIS

Paris, the next stop, was described as "even more interesting than it was strange." "From Paris, the foreign traveler just naturally migrates to London," Tritt confided. "The suburbs of London are endless, and the fog miserable."

Taking advantage of the public markets and shops of London to pursue his hobby, the collecting of old books and guns, Tritt obtained several valuable additions to his collection.

HAS LONDON RELATIVES

The birthplaces of Dickens, Shakespeare, and several other well-known English authors and poets were viewed by Tritt in Southern England, "aided and abetted by my relatives living in London." —CARROLL RICHARDSON.

(Next week: Asia Minor and the Orient)

Mrs. D. K. Hammond Returns TELLS OF VACATION

Switzerland! Mountains, huge monoliths of ice and snow reaching high into the clouds... Geneva, "The Playground of the World!"

Mrs. D. K. Hammond, wife of the Junior college director, looked up from her efforts to exterminate the weeds along her driveway and smiled. "Oh, it was wonderful! Switzerland is really the only place in the world for a perfect vacation."

ORGANIZES HOUSEHOLD

Having returned only last week from a six-month vacation in Europe where her daughter Betty, former Jaysee student, is attending school, Mrs. Hammond is still in the process of getting her household together. She tugged at another cluster of persistent weeds.

"I enjoyed Switzerland so much that I spent most of my time in Geneva. Each week-end Betty and I would go to one of the playground resorts. They are only a short distance apart. We could walk through as many as 20 small Swiss towns in one afternoon. Oh yes, everyone walks in Switzerland. That must be why I liked it so much."

IS TOURIST CENTER

"Europe is very sport minded," she continued, contributing another handful of weeds to a second growing pile. "Especially England. Practically all England flocks to Switzerland during the month of vacation at Christmas time."

"And in Switzerland," she went on, "we met two boys from Pomona. One was Jim Wilson, brother of Stan Wilson, former Jaysee student."

FINISHES JOB

"Oh it was grand." She deposited the last pile of weeds in the trash box, stood up, and brushed back her hair with the back of her hand. "And I can live it all over again when Betty comes home this June." —MARVIN HINTON.

Interpret Terms LIST FOOD NAMES

To acquaint college students with the phraseology of the restaurant, Miss Hazel Dawson, head of the home economics department, has compiled a list of terms which are most commonly used in cafes and cafeterias throughout the world.

Bisque is a thick rich soup, while bouillon is a clear broth, and chowder is a thick soup usually of fish or clams.

Fillet of sole is a slice of flat fish without the bone and fillet of mignon is a tenderloin steak. Capon is chicken with a superior quality of meat. Fricassee is a dish of fowl or meat cut small and stewed in gravy.

Parfait is ice cream and whipped cream served with fruit in a tall glass. Frappe is a semi-frozen dessert. Eclair is pastry or cake filled with whipped cream or custard.

Entree is a course between courses, used as the name of the meat dish in the main course. A la carte is the list of foods on the menu with prices for each dish. Table d'hote is an entire dinner suggested at a given price.
